Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the primary reason for the allowance of claim 1 is the inclusion of a utility structure received within an opening of the body of the inflatable device and a control system for operative association with the inflation device used to inflate the inflatable device. For claim 17, it is the inclusion of a control system used for the inflation device and a communication device used to communicate command signals to the control system. The prior art of record fails to teach or suggest the claimed features absent the applicants' own disclosure.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
